## Things to do when you are stuck at home

### Read a Book

When you have much time, one of the best things you can do is read a book. It focuses your mind and helps you shut down distractions. Not to mention that it's one of the most effective ways to take advantage of extra hours you have when stuck inside.

### Exercise

Being stuck at home isn't great, but it gets even worse if you let it stop you from achieving your fitness goals. Whether you're looking to lose weight or build muscle, there are exercises you can do right in your room!

### Learn New Skill

Whether you always wanted to play guitar, paint, or write a novel, now's your time to do so. You can even come up with a completely new hobby for yourself and give it a go.

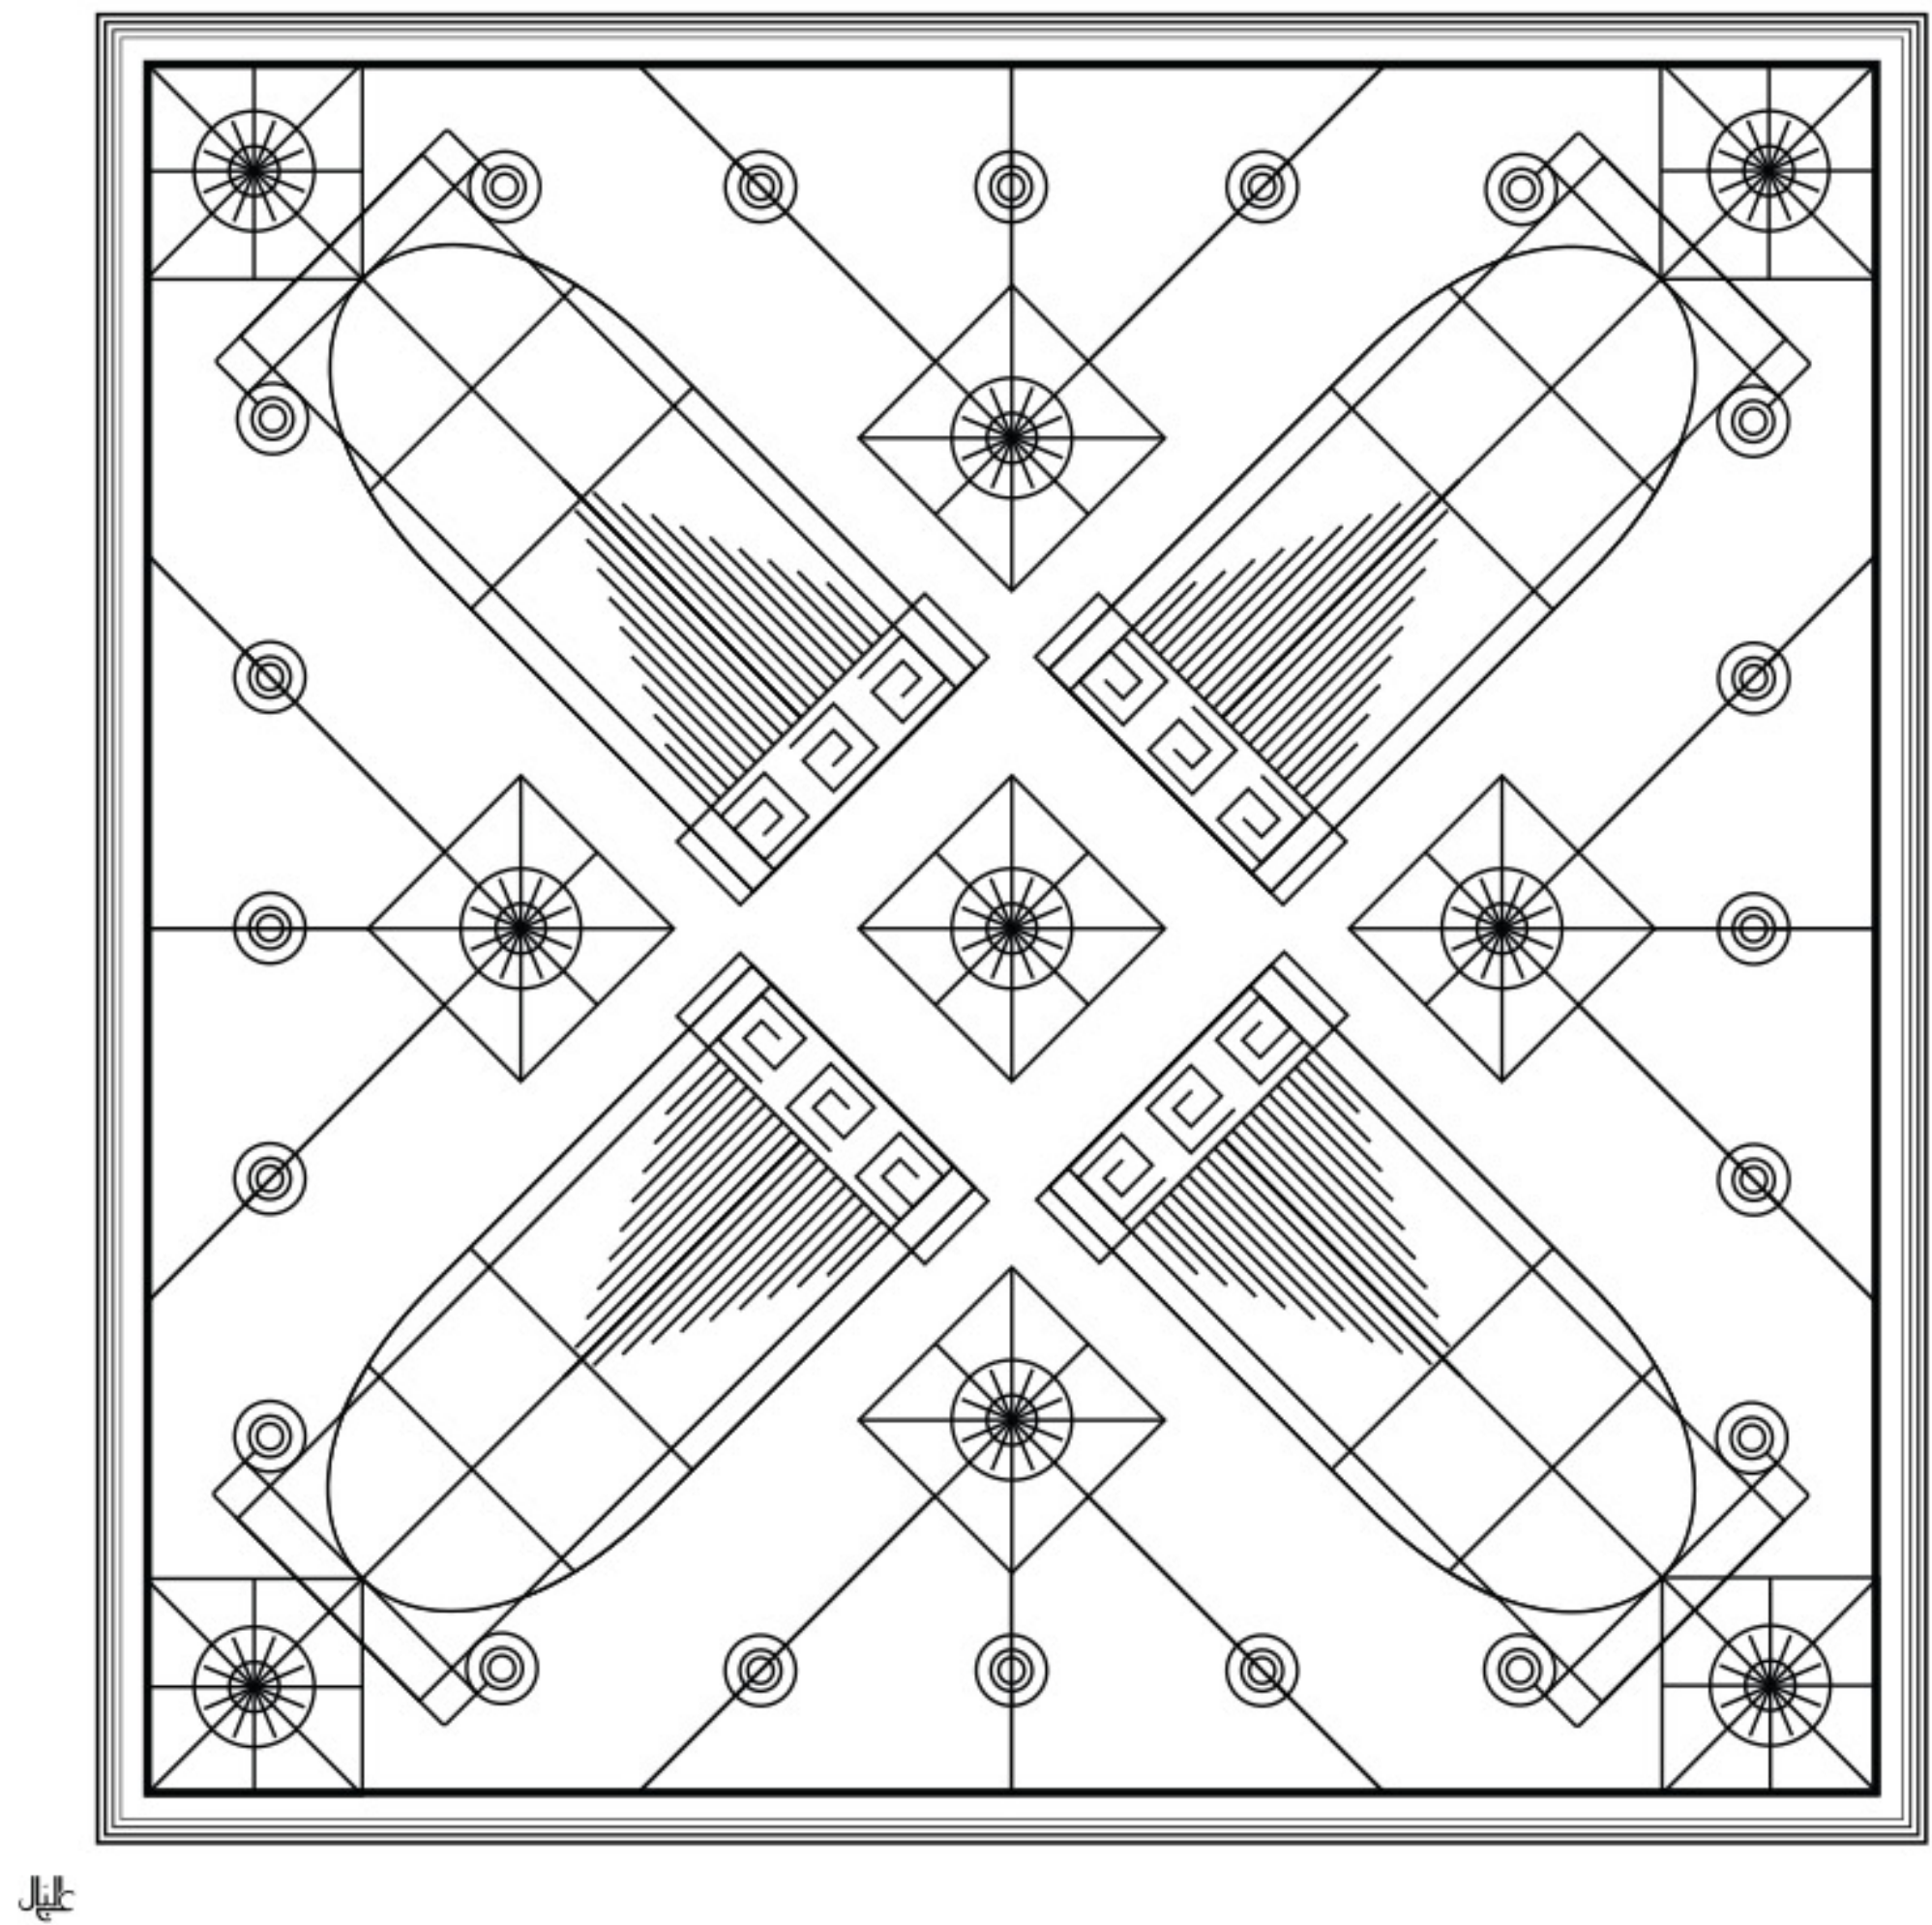

Have fun even when  
you are at home.  
Stay Safe!
